LETTER OF RECOMMENDATION

DEFENDR is pleased to recommend

MAHDI BEL HAJ SAID

I had the pleasure of supervising **Mr. Mahdi Bel Haj Said** during his internship at DEFENDR, where he worked as an **AI Developer Intern**.

Throughout this experience, Mahdi distinguished himself through his autonomy, professionalism, and ability to adapt. He was able to take responsibility for the tasks assigned to him and work independently, while also knowing when communication and collaboration were necessary.

Mahdi also demonstrated great flexibility when facing change. He adapted easily to different working conditions, changing priorities, and new requirements that arose during his internship. He consistently maintained a positive and professional attitude throughout his experience with the company.

On a personal level, Mahdi is a pleasant, sociable, and approachable individual. He integrates quickly into a team and communicates naturally with people from different backgrounds, profiles, and personalities. His strong interpersonal skills and collaborative spirit contributed to creating a positive and enjoyable working environment.

I therefore highly recommend **Mahdi Bel Haj Said** for any professional or academic opportunity he may wish to pursue. I am confident that his autonomy, adaptability, professionalism, and interpersonal qualities will be valuable assets throughout the next steps of his career.

I remain available should you require any additional information regarding his experience at DEFENDR.

Tunis, **October 7, 2026**
